The week's note

Each day, write what you saw at that day's step, just as you saw it. At the end of the week, pick one or two steps for next week.

Grade · Week from … to …

1. Reading aloud
Did they read without stopping much? Could they retell it in their own words?

2. Homework conversation
What did you learn? Explain a question to me. Where did you hesitate?

3. The notebook
Teacher's comments · unfinished work · the repeated mistake

4. My question to the teacher, and the answer

5. Short problems without the book
What they solved alone · what went wrong

Next week's step (one or two)

Do I want to talk to the school? Yes / No, and why
