Decision table: one platform or many tools

Give each criterion a weight from 1 to 3 for how much it matters to your school, then fill each cell with what is true for you, not what the demos say.

Criterion and question	Weight	One platform	Many tools
Data in one place: how often is the same number copied by hand?			
Accounts: how many does a young student need?			
Training: who trains a new teacher, on how many tools?			
Depth: which job needs a specialist tool?			
Privacy: how many full reviews can we manage a year?			
Switching: what moves if we leave in two years?			
Closure: where does our data go if the tool closes tomorrow?			

Jobs that need a specialist tool, and who owns each tool

Decision: one platform · core and small shelf · many tools — why, and the review date
